ASSESSMENT ACT

O. Reg. 95/84.

Equalization of Assessments made  
under Section 63 of the Assessment  
Act.

Made—February 14th, 1984.

Filed—February 14th, 1984.

REGULATION MADE UNDER THE  
ASSESSMENT ACT

EQUALIZATION OF ASSESSMENTS MADE  
UNDER SECTION 63 OF THE ASSESSMENT  
ACT

1. The equalization of assessment made under the Act in each prescribed class of real property necessary in order to provide, for each municipality specified in the Schedule to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and the computation of the factors resulting therefrom, the following considerations:

1. The proportion that the municipal and school taxes levied for the year 1983 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1983 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1983 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment for that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been so levied for the year 1983 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipality for the year 1983 against the total assessment for that prescribed class of real property in that municipality.

2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1980, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.

3. The total assessment, including assessments made under section 32 or 33 of the Act, of the real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.

4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 95/84, s. 1.

2. This Regulation applies to the municipalities named in the Schedule to this Regulation and to the assessment to be shown on the assessment roll to be returned in each such municipality for the year 1983 for taxation in the year 1984. O. Reg. 95/84, s. 2.

3. For the purposes of this Regulation, the real property situate in each municipality named in the Schedule to this Regulation shall be divided into the

prescribed classes of real property that are designated in the said Schedule for that municipality. O. Reg. 95/84, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in the Schedule to this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 95/84, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

CLASS 1

Property assessed either,

- (a) as residential and comprising not more than six residential units, including vacant land municipally zoned principally for residential development described in this clause; or

Note

The use of tetracyclines during tooth development (last half of pregnancy, infancy and childhood to the age of 10 years) may cause permanent tooth discoloration (yellow-grey-brown). This reaction is more common during long-term use of the tetracyclines, but has been observed following short-term courses. Enamel hypoplasia has also been reported. Tetracyclines should therefore not be used in this age group unless other antibiotics are not likely to be effective or are contraindicated.

#### Hypertension: Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static; it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p. 8 (FDA Cardiovascular Advisory Committee).

Hypertension: Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static; it must be re-evaluated as conditions in each patient warrant. Adapted from F.D.C Reports, Sept. 11, 1972, p. 8 (FDA Cardiovascular Advisory Committee)

#### PUBLIC NOTICE

IN THE MATTER OF section 8 of the *Public Vehicles Act*, R.S.O. 1980, chapter 425 as amended,

AND IN THE MATTER OF *Ontario Highway Transport Board Act*, R.S.O. 1980, chapter 338 as amended,

AND IN THE MATTER OF public vehicle operating licence No. PV-1708 issued to Penetang-Midland Coach Lines Limited August 10, 1981.

#### NOTICE OF REFERRAL

WHEREAS Penetang-Midland Coach Lines Limited is the holder of public vehicle operating licence No. PV-1708 issued pursuant to the *Public Vehicles Act*.

AND WHEREAS the said public vehicle operating licence contains parts which are ambiguous or rights granted thereunder that are uncertain, the Honourable the Minister of Transportation and Communications has referred the said public vehicle operating licence to the Ontario Highway Transport Board pursuant to

section 8, subsection 1 of the *Public Vehicles Act* for a hearing pursuant to the *Ontario Highway Transport Board Act* for resolution of any ambiguity or uncertainty in the said licence. In the hearing of this reference and without restricting its generality, the Honourable the Minister of Transportation and Communications requests the following parts of the licence be considered:

- "1. On page 1 of the licence an extension authorizes service from Port McNicholl via Victoria Harbour. This privilege is uncertain in that no route and destination are specified and no provision is made for return service to Victoria Harbour.
2. On page 2 of the licence there is a privilege to provide service from Victoria Harbour to Orillia via Highway No. 12. This privilege is uncertain.
3. On page 2 of the licence privileges contained in Tour No. 1 authorize sightseeing trips to St. Ignace (Sturgeon Bay). This privilege is ambiguous in that St. Ignace is not an identifiable location.
4. On page 2 of the licence Tour No. 2 authorizes sightseeing trips to Thunder Bay Beach. Uncertainty exists as to the location of this place which may be described by reference to the Ontario Official Road Map as Thunder Beach.
5. On page 2 of the licence Tour No. 3 authorizes sightseeing trips "around town of Midland and Champlain Road". Uncertainty exists as to the privileges granted, in particular to the meaning of the word "around".
6. On page 2 of the licence, an extension is granted permitting an alternate route between Penetang and Midland describing the use of King's Highway No. 27. Uncertainty exists with respect to this privilege in that Highway No. 27 does not extend north of the junction of King's Highway No. 27 and King's Highway No. 93.
7. On page 3 of the licence an extension authorizes service between "Midland, Perkinsfield, Wyevalle, Elmvale, Balm Beach, Ossossane Beach, Wymbolwood, Bluewater, Woodland and Collingwood". Places named as Wymbolwood, Bluewater and Woodland are indicated on the Ontario Official Road Map as Wymbolwood Beach, Bluewater Beach and Woodland Beach. The references in the licence are uncertain.
8. On page 3, there is a restriction contained in Provision No. 1 that "there be no service between Midland and Elmvale". The effect of this restriction is uncertain.
9. On page 3 of the licence there is an extension in the following terms:

"For the carriage of passengers together with their baggage and express freight between points in the County of Simcoe and Toronto International Airport (Malton) provided that there shall be no additional charter privileges permitted as a result of this extension". The privileges contained in this part are uncertain as to whether the licensee is authorized to pick up and discharge passengers at points between Simcoe County and the Toronto International Airport.

10. On page 4 of the licence an extension permits service between Collingwood and Barrie and makes reference to Simcoe County Road No. 13 as the designated route between the Town of Stayner and Cashtown. The effect of this privilege is uncertain in that Simcoe County Road No. 13 does not pass through or near either Stayner or Cashtown.
11. On page 5 of the licence paragraph 1, prohibits "local" business. The effect of this prohibition is uncertain.
12. On page 5 of the licence paragraph 2, provides that "passengers picked up in Barrie or Stayner may not be discharged in Collingwood". Paragraph No. 4 on page 5 states that "service between Stayner and Collingwood is restricted to a worker service". The effect of these two provisions is uncertain in that paragraph 4 is not compatible with paragraph No. 2.
13. On page 5 of the licence an extension authorizes service between Barrie and Hillsdale and refers to "Horseshoe Valley". There is uncertainty with respect to this privilege as this place is not incorporated or indicated as a settlement on the Ontario Official Road Map.
14. On page 7 of the licence there is a provision that "the licensee is prohibited from operating charter trips from the Cities of Mississauga and Brampton unless previously authorized". The inclusion of the words "unless previously authorized" creates uncertainty and is superfluous to the provision.
15. On page 7 of the licence there is a prohibition that "the licensee be prohibited from operating school bus public vehicles under this extension". Uncertainty exists in this prohibition regarding the meaning of the words "school bus" as a means to define a class of public vehicles.
16. On page 9 of the licence the following route is described:  
 "Simcoe County Road No. 10 between Tottenham and Schomberg and King's Highway No. 9 between Schomberg and Newmarket".  
 The effect of this privilege is uncertain in that Simcoe County Road No. 10 does not pass through or near Schomberg.
17. In the licence reference is made to the Town of Penetang. Such reference should be corrected to the proper spelling of the Town of Penetanguishene to avoid uncertainty.
18. Reference is made on page 4 and page 6 of the licence to the locality called Cashtown. Uncertainty exists with respect to the proper description of this locality as it may be described as Cashtown Corners.
19. Reference is made on page 3 and page 7 to Toronto International Airport (Malton) and Toronto International Airport (Mississauga) varied reference to the municipality causes uncertainty and is superfluous to this privilege.

Dated at Toronto, this 6th day of February, 1984".

TAKE NOTICE that the Board will hold a hearing on this matter on Thursday, the 12th day of April, 1984 at its Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario.

AND FURTHER TAKE NOTICE that should you or any other party to these proceedings not attend at the time and place shown for this hearing the Board may proceed in your absence and you will not be entitled to any further notice in these proceedings.
